Centereach Fire District and Department honors it's Veterans

On Sunday, June 5th, the Centereach Fire District along with the Centereach Fire Department held their Veteran's Breakfast to honor those members who served in the Armed Forces since it was organized in 1933. From 1933 until 2016, the Centereach Fire Department has had the honor of 88 members in it's ranks who have also served as members in the Armed Forces.

Fire Commissioner Julia Wilson stated "It was my honor to attend and witness the pride and respect shown to the military veterans by their fellow volunteers, Board of Fire Commissioners and Suffolk County Legislature. We can never do enough to show our thanks to those who serve their country, especially to this special group who continued their service to our country by volunteering

with the Centereach Fire Department."

Chief Robert Corley also expressed his gratitude to these members of his Fire Department. "With our busy lives, it never ceases to amaze me that these members give their time to the Fire Department, but then to recognize that they also gave freely with their service to the United States is something that deserves our respect and honor."

The breakfast was not only attended by Veterans, but was also attended by family and members, wishing to show their gratitude for the service of these members in the Armed Forces. Suffolk County Legislature Leslie Kennedy, Suffolk County Comptroller John Kennedy and Councilman Kevin Lavalie were also in attendance at the event.

Unusual incident for Bay Shore FD results in bird rescue

On May 25th, the Bay Shore FD responded to a report of a brush fire on a pole in Gilbert Park, on South Windsor in Brightwaters Village. Upon arrival of the 2nd Assistant Chief Jerry Rockfield, a large Osprey nest was found on fire with the mother bird and her 4 baby birds.

Upon the arrival of Engine 311 & Ladder 317, the crew under the orders of Chief Rockfield, started staging the rig until the power could be secured by PSEG-LI. While awaiting the arrival of PSEG-LI, BSFD consulted with the Evelyn Alexander Wildlife Rescue Center on how to handle the trapped Ospreys. After a brief discussion with EAWRC, the members on scene jumped into action.

Firefighter K. Vegas and FF Brian Hall using Ladder 317, made a quick knock down of the fire using a dry chemical extinguisher and then proceeded to remove 4 baby Ospreys. Once removed, FF Fred Crump used a 1" line to mop up the rest of the fire atop the pole. FF Vegas and Hall then returned the birds safely to their nest. The mother bird returned to her little family and all seemed well. Unfortunately, one of the baby Ospreys did not survive the fire and was buried at Gilbert Park by members of the BSFD before returning to quarters.

Firefighters standby for Freeport Nautical Mile Festival

During the Freeport Nautical Mile Festival on Saturday, June 4th, 70 members of the Freeport FD were standing by in case any emergencies arose at various locations on the mile. This was required due to the difficulty in moving equipment around with the heavy pedestrian traffic. Mutual Aid for an additional ambulance from Bellmore Merrick VAC and special units from Oyster Bay Fire Co., Atlantic Shantier Fire Co., and East Norwich FD with 6-wheel Gator's set up for EMS runs were also standing by in Freeport. The Freeport Dive Team Boat was on patrol in case there were any problems on the water. The Freeport FD Exempts were in attendance with "JUMBO" for residents to get an up close look at this beautiful antique.

Chief of Department Kenneth Vancott was in command of operations with 1st Assistant Chief Matt Colgan manning the command post in the Nassau County Office of Emergency Management Field Command unit. There were 5 emergency responses during the event on Woodcleft Ave.

The Chiefs Office would like to thank all members and our mutual aid units for a job well done.
